Heikko and Hetty,

We really enjoyed our two weeks at your beautiful Chateau in Sadilac. The beauty of the area is breathtaking and George enjoyed his morning walks amid the vineyards and sunflower fields. Thank you for your attention to all our needs and special requests! Also for your good suggestions on where to go, what to see and great places to eat.

The pool, golf course and courtyard were wonderful spots to spend leisure time with our children and grandchildren.

Your hospitality and the beauty of the region will remain fondly in our memory. Our hope is to return here again in the near future.
