

17 August 2001

We have had the most wonderful two weeks here - Jonathan and Richard will long remember their early morning golf sessions, the older boys their long and boisterous pool sessions, the parents the long and peaceful days in the sun with all children happily engaged. What a pleasure as well to be able to eat every meal for two weeks outdoors - even on the only day it rained!

Many thanks on behalf of the Pilgrim family.  
(London, England).

Dear Heiko + Hetty

We have had a wonderful stay here for the last two weeks which has more than lived up to expectations (and has been added to by only one day of rain in two weeks). We have loved being in the heart of the french countryside, the long sunny days and all the amenities here. We have all played golf table tennis + games in the pool, watched the stars at night and felt at peace.

With thanks from us all

the Kellehers

Clapham London
