

SEPT 2002 THE TOWNEND OLYMPIAD (FAILED)

We came, we saw, we tried to compete but the wine, Montbazillac and cheap champagne failed us. We'll have to come back next year to complete the petanque and diving events. Chris's teeth are black, Johnny's golf has improved, Andy's skin is cleansed from too many Saunas, Julie now likes canoeing, Beth may show interest in golf when she gets home (maybe!), Dot fell asleep and John relished not having to go back to work, and as for Martha she is showing a budding interest in French wildlife (well frogs and cats!) Had a great great week and in Christopher's words 'it wasn't boring' - altho remind us not to come again when Hetty is celebrating her birthday!!!

lots of love

The Townends.....

P.S. Thanks for arranging the weather to be perfect!!
