

11 June 2006

Dear Hetty & Hielko.

We booked and planned this trip over 12 months ago, based on 11 of us travelling. Unfortunately we lost our father in Nov 05, although take solace in that he was really looking forward to the trip. We have been overwhelmed by your chateau, beauty of the region and hospitality extended by you both (and your children)!

We will spread the message to our friends and sincerely look forward to planning our future visit back here. Oh, managed to get a Par-27 today, although missed a birdie on 2! Weather and wine has been cracking - thanks for your salmon steaks!

Wishing you all the best & hope to see you soon!

Nick & Lucy Smith.
