

3 June 2006

We leave with heavy heart - not to mention head, after another marvellous "session" with you both last night! We have had a perfect return visit, even though we hardly managed another Olympiad - the three grandchildren kept us far too occupied this time. We really cannot thank you enough for everything, and are already beginning to think of excuses to come again. In the meantime, if you are ever in the S.E. of England, please get in touch: we'd love to see you.

The Townends
